PREP

UpperCampus Prep prepares students for the often stiff and nerve-racking interview process with a fun and creative twist: by turning students into storytellers. Instead of memorizing formulaic responses and freezing up in the moment, UpperCampus Prep helps students tell their stories— talk about their strengths and weaknesses, discuss past professional and personal experiences that have impacted and inspired them, and articulate what they bring to the table— in a concise and meaningful way.

WHY UPPERCAMPUS PREP?

90% OF PRESENTATION ANXIETY COMES FROM LACK OF PREPARATION.
